of the European Union

KA202 – Strategic Partnership for vocational education and training

Why a Strategic Partnership?

Inspiration came from
study tours

What to gain:

- New knowledge
- New inspiration
- New ideas
- New solutions
- New networks
 - local
 - international

Inspiration came from a regional plan

Plans are the «fondation" and gives the goals and the direction to be able to reach the good solutions

Implementation require interest, involvement, competence and action

Action requires inspired persons

Regional plan for attractive senter i Hordaland

- senterstruktur, tenester og handel

Overall goals for the Strategic Partnership

- Learn from others
 - Trans-National Meetings with site visits, presentations and discussions
- Establish cooperation
 - Local activities to create co-operation between VET providers, business and municipality/local authorities focusing sustainable urban centres
- School/Education out into the community
 - Connect school and students more to «real life»; challenges and needs of community, businesses and service providers.
 - Making teaching more inspiring and more relevant for students, and teaching and training programs more in line with actual needs and possibilities for employment.
- Creating action in developing Sustainable Urban Centres
 - Strengthen local identity and interest in building sustainable urban centres

Trans-National Meetings: Six meetings – 6 reports

Picture: Site visit Barcelona, October 2018

Intellectual Outputs (IO): Two outputs

IO 1:

Local co-operation on development of urban centres, including VET

IO 2:

Educational VET program for development of urban centres

Activities related to Intellectual Outputs

PARTNERS HAVE CONTRIBUTED TO PRODUCTION OF THE FOLLOWING PROJECT DOCUMENTS:

- Intellectual Output 1: Card for collection of good practices
- Intellectual Output 1: Collection and description of Good Practices
- Intellectual Output 1: Model for sustainable local cross-sectorial cooperation on development of urban centres, including VET
- Intellectual Output 2: Proposals for involvement of VET-schools in development of sustainable Urban Centres (stage 1)
- Intellectual Output 2: Model for establishing VET education programs relevant for developing sustainable urban centres

Results

Funded by the
Erasmus+ Programme
of the European Union

- Partners have been motivated and responsible
- All arrangement and planned actions including production of documents have been accomplished in a good way
- Programs for trans-national meetings with site visits have all been well prepared with relevant and extensive programs
- All partners have been active in the project meetings and open and willing to share information and build relationship
- The project has resulted in new national and international contact
- New valuable 3-parts co-operations have been established; involving education, business, government
